PRELIMINARY STATEMENT

Otter Tail Power Company provides retail electric service to 55 incorporated and unincorporated communities and in rural areas in central eastern and northeastern South Dakota. The Company also provides retail electric service in western Minnesota and eastern North Dakota.

The Company classifies its customers into two rate zones:

Zone 1 - All customers within City limits of communities served

Zone 9 - Rural areas and resort areas

Electric service is generally supplied at 120/240 volt single phase and 240 volt three phase, 60 cycle, depending upon the requirements of the customers.

Electric service is supplied generally from the Company's own generation. However, the Company has numerous interconnections with other major electric suppliers in the area through which electric power and energy can be interchanged. These interconnections also make it possible for the Company to maintain a high continuity of service to its customers.

RETAIL ELECTRIC SERVICE TO COMMUNITIES
